BONDS DEFEATED IN HIGH SCHOOL DIST.

Proposition to Bond San Mateo Union High District Turned Down by Small Margin of 52 Votes.

The election held last Friday in the San Mateo union high school district on the proposition to bond the district for \$500,000 to be used in buying more land for the high school and erecting a new building, resulted in the defeat of the bonds by fifty-two votes. A majority of 547 votes was given the bonding proposition, but this lacked the necessary two-thirds majority by fifty-two. Burlingame and Millbrae gave the bonds a two-thirds majority, but the proposition failed in San Mateo and San Bruno.

The vote was as follows:

	Yes	No
San Mateo	524	450
Burlingame	419	120
Broadway	119	30
Millbrae	68	19
San Bruno	117	82
Total	1247	701

FIVE BOYS IN JUVENILE COURT ON GIRL'S CHARGE

Five local boys were in the juvenile court at Redwood City Wednesday charged with improper conduct toward a 15-year-old girl of this city. The girl is a ward of the Associated Charities and was put in a home near here to attend school in South San Francisco. The boys range from 14 to 17 years of age. All were put under probation and the two eldest, who are 17 years of age, were sentenced to pay \$10 a month each for a year for the care of the girl, who is now in the hospital. All the boys and their parents were in court, and the father and mother of each was instructed to see that their son kept away from poolrooms, stayed home evenings, and attended church for the period of a year. City Marshal C. C. Conrad of this city was reprimanded by Judge George H. Buck for not seeing that the curfew ordinance was enforced here.

TWO CHILDREN GIVEN PARTY AT BRITTON HOME

On Saturday a birthday party was given at the home of Mrs. George E. Britton for Sonny Britton and Joelle Walsh of San Francisco, niece of Mrs. Mary Simpson. Games were played and refreshments served. The children present were: Helen Coleberd, Frances Coleberd, Betsy Dolley, Jane Powell of San Francisco, Hugh Reed, Lee Haaker, Joelle Walsh, and Sonny Britton.

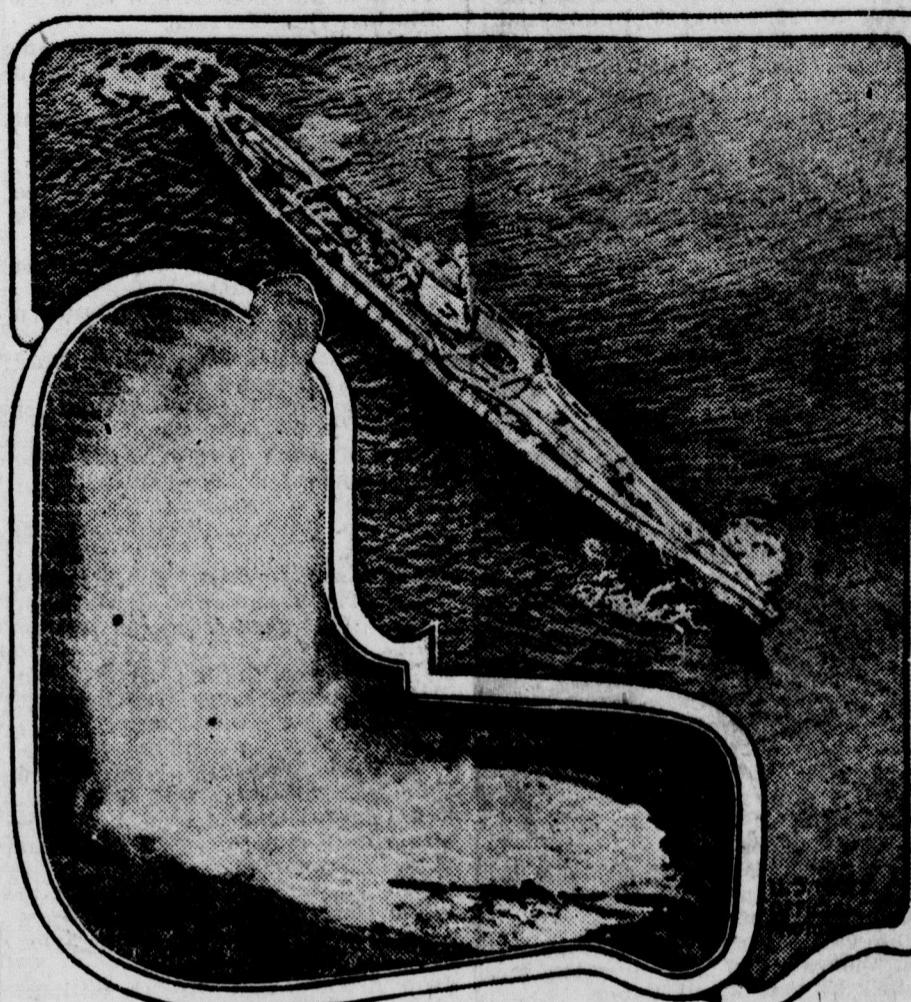

P. R. THOMPSON TO BE HONORED BY FRIENDS

P. R. Thompson, member of the South San Francisco Chamber of Commerce and president of the Civic League of Improvement Clubs of San Francisco, is to be the honored guest at a party that is now being arranged for Saturday, September 24th. It will be a stag affair, held at Dr. F. S. Dolley's summer home at Boulder Creek, and is in appreciation of the work done by Mr. Thompson in the famous "switching case" won by the local Chamber of Commerce against the Southern Pacific Railroad Company. Members of the local Chamber and of the Manufacturers' Association of this city are giving the party.

HAYDN McMILLS GIVEN PARTY ON 17TH BIRTHDAY

Haydn McMills was given a surprise party Friday evening by his parents in honor of his seventeenth birthday. A large company gathered, and the evening was spent in dancing and playing games. Special music was rendered by Mel Sweeney of San Francisco. Refreshments were served at midnight and the guests departed in the wee hours of the morning, wishing Haydn many returns of the day. Those present were: Myrtle Mullen, Bernice Carroll, Alice Kavanagh, Bernice Farrell, Leon Farrell, Alice Wallace, Dolly Smith, Anna Smith, Ruth McMills, Mrs. Dave McMills, Charles Robinson, Theodore Fischer, Leo Murray, Jerome Murray, Mel Sweeney, Earl McMills, and James McMills.

CAPTAINS OF FLEET GIVE DINNER ON SHIP

Officers of Standard Oil Tankers Entertain Local Guests.

The captains in charge of the nine Standard Oil Company tankers at present tied up in the channel at the Western Pipe and Steel Company's plant gave a luncheon on shipboard Wednesday noon, the guests being Dr. J. C. McGovern and E. C. Peck, representing the Chamber of Commerce of this city; Dr. F. S. Dolley, representing the Industrial Club, and N. A. Wright, electrical engineer of the pipe company. The guests are enthusiastic in their praise of the hospitality shown them.

During the course of the lunch a number of interesting facts about the ships and their officers and crews were brought out. The vessels are the property of the Standard Oil Company of New York. They are tied up at this point merely because of slack business and may be here, according to their officers, for an indefinite period, perhaps three weeks, perhaps as many months. Their aggregate tonnage is 94,500 tons dead weight, and their total capacity 703,165 barrels of oil. Each boat is manned by a crew of about forty-five Chinese, most of whom were recruited in Hongkong and all of whom are in this country under bonds of \$500 each.

The names of the vessels and of the captain in charge of each follow:

- Algonquin, H. D. Clark.
- Silver Arrow, Captain Souden.
- Standard Arrow, C. A. Richmond.
- Tachchee, Captain Llewlyn.
- Tascalooosa, Captain McDonald.
- Royal Arrow, Captain Harding.
- Broad Arrow, Captain Anderson.
- China Arrow, W. Vanden Heuvel.
- Daylight, Captain Carlson.

All are steamers except the Daylight, which is one of the fast sailing vessels in the ocean today. Captain H. D. Clark is senior captain and commodore of the fleet. The group of ships is in direct charge of J. A. Coates of New York, assistant port captain of the Standard Oil Company of New York.

MAN KILLED IN AUTO ACCIDENT ON PORTOLA ROAD

The most serious automobile accident to occur in San Mateo county over the week-end took place Monday night on the Portola road, near Sears Lake, where Harry J. Schober, a San Francisco restaurant man, was killed and his wife was seriously injured after the machine in which they were riding was apparently crowded off the road and sent tumbling down a steep embankment. R. C. Ralph, chauffeur for A. W. Jackson, who was riding with the Schobers, was uninjured. Schober died from a broken back. Mrs. Schober suffered broken ribs and internal injuries.

CITY TRUSTEES IN SHORT SESSION

Monday Night's Meeting Sees Small Amount of Routine Business; M. Foley Proves Orator.

The board of city trustees held a short meeting Monday night with only three members present, these being President of the Board G. W. Holston and Trustees L. G. Hardy and H. Scampini.

The feature of the meeting was an address made by M. Foley, advocating the installation of a street light on Miller avenue between Linden and Cypress avenues. Mr. Foley waxed eloquent in his appeal for the light, picturing the present stygian darkness of this section of Miller avenue and the disadvantages and dangers arising from such a darkened thoroughfare. The board members listened closely to Mr. Foley's address and seemed deeply moved. The matter of the additional light was referred to the public utilities committee with power to act on the application.

A communication from the committee in charge of the arrangements for the big celebration to be held at Half-moon Bay on Admission Day by the Native Sons and Daughters of the Golden West conveyed a special invitation to the board members to be present at the day's festivity. The communication was filed.

Reports of city officers were read and filed.

The report of City Health Officer Dr. J. C. McGovern stated that the newly appointed school and city nurse, Miss Michaelson, who began her duties the first of the month, was doing good work and supplying a keenly felt want.

City Recorder E. E. Cunningham reported fines of \$157 collected in his court during the month.

Because of the absence of two members of the finance committee, a number of bills against the city which were presented had to go over to an adjourned meeting, to be held Thursday evening.

HOUSE DESTROYED WHEN HIDDEN STILL EXPLODES

Fire, believed to have been caused by the explosion of a whisky still, destroyed a frame dwelling in San Bruno Tuesday. Following the explosion, which shook the windows from the dwelling, two men known to be foreigners were seen by neighbors fleeing from the house. One ran as though injured.

Firemen fought the blaze, but were unable to get it under control.

While investigating the ruins Chief of Police A. S. Meehan discovered parts of a still and the forms of several barrels.

The two foreigners rented the house six months ago, Meehan said. He has not been able to locate the owner.

W. C. DITTON GETS DECISION IN SUIT TO QUIET TITLE

Judge George H. Buck granted a decree to William C. Ditton quieting title to certain property in San Mateo Park, which title had been vested in the name of Ditton and his wife, Minerva H. Ditton, prior to her death, for convenience. The suit, which was a friendly one, was directed against James H. Ditton as administrator of the estate, and the decree was in accordance with an agreement between the parties to the action.

SAM CURUSIS FINED \$25 IN JUDGE CUNNINGHAM'S COURT

Sam Curusis, local storekeeper, was up before Judge E. E. Cunningham Tuesday on a charge of battery sworn to by John Kanelopoulos, an employee of Lind's market. Kanelopoulos was formerly an employee of Curusis, and there has been bad blood between the men for a long time. Saturday both arrived at a house at the same time to make deliveries and words passed between them. Thereupon, according to the complaint, Curusis struck Kanelopoulos. In court Curusis denied having touched the other man, but the quarrel had been witnessed by several boys, who testified that Kanelopoulos had been struck and knocked down. Judge Cunningham found Curusis guilty and fined him \$25.

HIGHTOWER TO STAND TRIAL OCT. 3

ATTORNEY GOES SOUTH TO GET EVIDENCE TO SUBSTANTIATE ALIBI; MANY SEND ANONYMOUS "CONFESSIONS" TO MURDER.

William Hightower will be brought into the superior court at Redwood City on Monday, October 3d, to stand trial for the murder of Father Healin of Colma. The date for the beginning of the trial was set Tuesday by Judge George H. Buck when Hightower, accompanied by his attorneys, appeared in court and pleaded not guilty to the charge.

Attorney E. J. Emmons of Bakersfield is now in charge of the case for Hightower, having W. W. Laidley of San Francisco, Albert Mansfield of Redwood City, and Attorney W. F. Herron of San Francisco associated with him. Emmons has stated that he is thoroughly convinced of Hightower's innocence and will not only conduct the defense but will also furnish the funds to carry it on, as the defendant is penniless.

Laidley left for the southern part of the state Wednesday after a conference with Hightower, and stated his mission was in connection with an alibi that the defendant hopes to establish.

District Attorney Swart and his associate, John H. Machado, have stated that they are ready to go to trial at any time. They have received many anonymous letters from persons who declare themselves guilty of the murder of which Hightower is accused, but little attention is paid to such communications.

H. F. MCNELLIS RECEIVES WORD OF BROTHER'S DEATH

H. F. McNellis of this city received a telegram Monday conveying the sad news of the death of his brother, James C. McNellis, of Springridge, Alberta, B. C. James McNellis was a rancher and stockman and also justice of the peace of Springridge. He leaves a widow. The body will be shipped to Glencoe, Minn., the old family home, for burial. H. F. McNellis had not seen his brother for about seven years.

TWO CELEBRATIONS OF ADMISSION DAY TODAY

Two celebrations of the anniversary of the California's admission into the United States are taking place in San Mateo county today, one at Half-moon Bay under the auspices of the Native Sons and Native Daughters' parlors of the county, and the other in San Bruno, under the auspices of the combined fraternal and civic organizations of the town. An elaborate program has been planned for each celebration, including a parade, literary numbers, and many athletic events. Dr. W. A. Brooke of Half-moon Bay will give the address at that place, while Charles McEnerney, grand trustee of the Native Sons of the Golden West, will be orator of the day at San Bruno. Miss Henrietta Francis of Half-moon Bay, daughter of Supervisor and Mrs. Manuel Francis, has been chosen as queen of the parade at the beach town. A large gathering is expected to attend each celebration.

COPLES WIN DECISION IN SUIT OVER MONTHLY LIFE PAYMENT

Judge George H. Buck of the superior court rendered a decision last Friday in favor of the plaintiff in the case of Peter Gernart and Julia Gernart vs. Matthew C. Callan. The plaintiffs sued the defendant for \$315 and interest, claiming that amount due on an agreement by which they deeded to Callan lot No. 2 in the West End Homestead addition to San Mateo on May 3, 1915, in return for which Callan was to pay them jointly the sum of \$30 per month for the balance of their lives. The payments were made for a time, but were then discontinued. The plaintiffs were represented by Henry F. Boyen of San Francisco. Swart & Machado presenting the case for Callan.

SAYS WILL GIVE PETITION CAREFUL CONSIDERATION

The Peninsula Bureau of Chambers of Commerce and Civic Organizations received word Tuesday from Julius Kruttschnitt, chairman of the executive committee of the Southern Pacific Company in New York, that he had instructed President William Sprout to give the matter of electrification of the company's peninsula lines the "careful consideration it deserves."

Chairman Kruttschnitt's communication to the peninsula bureau was in answer to the forty-foot petition signed by residents of the peninsula requesting the Southern Pacific Company to establish rapid and frequent transportation between San Francisco and San Jose by electric trains.

"I don't like a friend to dimoneer over me," said the young man with the patient disposition.

"Who has been doing that?"
"My roommate. He borrowed my dress suit."

"That's a good deal of liberty."
"I don't mind it, but when he asked for my umbrella I told him I might want to use it myself. But he got it just the same."

"How?"
"He simply said: 'Have your own way; they're your clothes that I'm trying to keep from getting spoiled, not mine.'—Los Angeles Times.

Saturday afternoon, September 3d, the body of Herbert A. Nelson was laid to rest at Cypress Lawn Cemetery. Herbert Nelson was the son of Mrs. Sophie Nelson and the late Chris Nelson, brother of George and Fred Nelson and Mrs. Joseph Millet, a native of St. Paul, Minn., aged 31 years. Young Nelson was a member of Company E, 364th Infantry, 91st Division, and served with honors in the world war. He was killed in action September 27, 1918, during the Argonne battle.

DEATH OF WELL-KNOWN COLMA MAN

With the passing away of Gustave Jelinsky, Colma loses an old-time resident. Although Mr. Jelinsky had been in poor health for some time, his sudden death came as a shock to his many friends. He was laid to rest Thursday, September 1st, at Mount Olivet Cemetery from the parlors of W. C. Lasswell. He leaves to mourn his loss a widow, Mrs. Sophie Jelinsky, who has the sympathy of her many friends. He was a native of Prussia, aged 65 years, and a member of the San Francisco Turn Verein.

Masculine Intuition.

Women are the easiest of all God's creatures to understand. The phone rings. It is our wife speaking.

"Stop on your way home and bring a pint of cream."

Home from the dairy with bottle in hand, the missus stares at us wildly.

"Well, of all things! What on earth did you bring? I wanted ice cream."

Art Criticism.

Arthur, aged 9, returned from his first visit to the John Herron Art Institute with such a depressed air that his mother was puzzled.

"Didn't you like it, dear?"

"Not much. Mostly there were people with their heads cut off."

"But there must have been some pictures of animals and trees and lovely country."

"Oh, a few, but," in disgust, "there were more of people doing things they shouldn't."

"Things they shouldn't?"

"Yes, some of them had taken off all of their clothes, even their union suits."—Indianapolis News.

Your Paint Dollar —How Big in 5 Years?

THE best paint will be good five or more years hence, if properly applied. Cheap paint, on the average, starts cracking in twelve months.

It's what paint covers that you want to save—not merely a few cents per gallon in first cost.

Cheap paint does not spread as easily or as far as good paint. So when you figure labor and square yards covered, cheap paint on the house costs as much as good paint.

Cheap paint in practically every instance, is the most expensive you can buy.

Don't allow surfaces to rot. It costs less to paint them.

The paints specified by Fuller are the result of 72 years experience in the making of all kinds of paints, varnishes, etc., for western use.

We use the best materials, PURE PIONEER WHITE LEAD, pure linseed oil, zinc and color as others do, but we combine them with a 72 years' knowledge and long-time skill.

Our white-lead base is finely ground pure white. It must pass through a silk screen with 40,000 meshes to the square inch. We use special machines for mixing the materials in scientifically exact proportions.

So Fuller colors are exceptionally clear-toned and Fuller House Paints are noted for covering capacity, ease of spread and great durability.

If you want from five or more years' protection for your property investment, get Fuller's western paint for western weather conditions—a paint you know.

GAS AND SUBS

The disarmament conference to be held in Washington in November may result in the limitation of armaments and the reduction of standing armies. If it accomplishes no more than these two things it will justify its existence.

But for the sake of humanity it should do more. It should put an end to submarine and gas warfare. The whole world knows the horrors of submarine warfare—how even helpless women and children have fallen victims to the hornets of the deep. Civilization has been set back a hundred years by their use.

The man who shoots another in the back without warning is called a coward. The submarine is no better. It strikes in the dark and murders whole shiploads who have no means of striking back.

The use of gas is another evidence of the degeneration of mankind.

In other days savage Indians burned their prisoners at the stake. They did not burn women and children.

The use of gas in warfare comes dangerously near to being on a par with burning at the stake. Its full horrors are known only to those who have suffered its agony.

Since the close of the world war gases have been produced that will exterminate entire armies. If we have another great war this will mean the wholesale destruction of a great proportion of the male population of the earth. It will also mean that entire cities will be depopulated—non-combatants and innocent women and children falling victims to its deadly fumes. Such attacks will come from the air. The temptation to annihilate will be too great for an enemy to withstand.

Gases and submarines should be outlawed among the nations of the earth. The Washington conference is an opportune time for such action. Civilization requires it and humanity demands it.

MILLIONS AND MORALITY

Often we read in the daily papers where some millionaire is suing his wife for divorce, or is being sued himself, or both.

Generally there follows a mass of moral filth that is amazing and almost beyond belief. Like dirty linen, it all comes out in the wash, but unlike the linen, the principals can hardly lay claims to purity as a result of their legal bath.

This is a queer world.

As long as we are poor we are able to live comparatively decent lives. But let great wealth come our way and we immediately begin to yearn for the vices and frivolities it will buy.

It would be far better for the human race if we were to forego a majority of the "pleasures" of wealth and retain the respectability that is inherent in mankind in the days of his poverty.

Millions and morality do not often harmonize.

If a fellow punches you on the jaw you are perfectly justified in pasting him one before turning the other cheek.

The honesty of some people is dependent wholly upon what they can not get away with without getting caught.

Once we heard of a couple whose married life was a dream of bliss to the end. They died on their honeymoon.

The wise man knows a foolish thing when he hears it, but he doesn't always recognize it when he says it.

Matrimony is the logical state of man and woman, but without money it soon becomes a hellofastate.

The world is getting wiser every day. Most of the foolishness is now pulled off at night.

The truth should be told at all times, but it is often safer to let the other fellow do the telling.

Even the most confirmed "wet" can not deny that this has been a remarkably dry summer.

Very few people "die with their boots on" in this generation. Most of them wear shoes.

Some people find no difficulty in getting rid of an unwelcome guest. They begin to sing.

When a fool man attempts to argue with a woman he first gets licked and then gets mad.

Some people wipe out their old debts by converting them into newer and larger ones.

It isn't always the cost of a thing that bothers us. It is the price we have to pay.

Man pays for his sins here below, but the devil doesn't give him any credit on account.

There are lots of good people left in this world—but they are accustomed to being left.

Never abuse a man from whom you borrow money. He may still have a little left.

The fellow who hits the pace today may be looking for what he missed tomorrow.

Don't "duck" at a flash of lightning. The bolt you see has spent its force.

That fellow feeling causes a few people to quickly recognize the grunt of a hog.

The high cost of everything prevents the advent of the low cost of anything.

Perk up, fellows! Dresses are to lowered again this season—from the top.

Stories of Great Scouts

By Elmo Scott Watson

© Western Newspaper Union.

SACAGAWEA, "THE BIRD WOMAN" SCOUT

In the Portland (Ore.) city park stands the statue of an Indian woman. A little baby is strapped on her back and her hand is outstretched to the west, toward the Pacific ocean. The statue is that of Sacagawea, "The Bird Woman," the sixteen-year-old girl scout and guide who led Lewis and Clark over the "Shining Mountains" to the "Everywhere-Salt-Water" toward which her hand points.

When Lewis and Clark visited the Hidatsa Indians in North Dakota on their great exploring trip west, they found a Shoshone girl living with that tribe. At the age of five she had been captured from her people by a Hidatsa war party. When she was fourteen years old, Toussaint Charbonneau, a French-Canadian trapper, won her from her captor in a game of "hide-the-bone" and married her the next year.

The Bird Woman wished to return to her people and Lewis and Clark engaged Charbonneau and his wife as interpreters to the Indians they would meet. During the winter of 1805 Sacagawea gave birth to a son, whom she called Baptiste, and this tiny papoose went with his dauntless mother through all the hardships which the explorers afterward endured. He was strapped on Sacagawea's back one day when the clumsy Charbonneau upset one of the boats containing the precious instruments and records of the party. The Bird Woman at once sprang overboard into the muddy stream and rescued them.

More than once Sacagawea proved her value to the explorers. Far up the river when the forest and snow baffled her companions and they were lost, the homing instinct of the Indian girl led her on and she guided them safely to her people. The chief who welcomed them proved to be Sacagawea's brother, who was overjoyed to see his lost sister again. He sold the white men much-needed horses and would have stolen them back, had not the Bird Woman betrayed the plot to Captain Lewis.

Sacagawea remained with Lewis and Clark until they reached the Pacific. On their return journey she stopped with her people, the Shoshones, and there she spent the remainder of her days. She died on the Wind River reservation in Wyoming April 9, 1884, almost a hundred years of age.

Room for More.

Bishop Bratton, at a dinner in Jackson, was genially patronized by a millionaire.

"I never go to church," the millionaire said. "I guess you've noticed that, bishop?"

"Yes, I have noticed it," said Bishop Bratton, gravely.

"I guess you wonder why I never go to church, don't you?" the millionaire pursued. "Well, I'll tell you why, bishop. There are so many hypocrites there."

"Oh, don't let that keep you away," said Bishop Bratton, smiling. "There is always room for one more."—Detroit Free Press.

BANKER TELLS OF FINANCIAL CONDITIONS IN OLD WORLD

Authoritative opinion on the overseas situation has been forthcoming for the last few days from interviews obtained with P. C. Hale, first vice-president of the Bank of Italy, San Francisco, who has just returned from a seven months' exhaustive study of Old World financial, industrial, and economic progress. Mr. Hale says:

"Critical, indeed, is the economic and industrial status of Europe, but conditions are much better in every way than I expected. Under careful supervision the industries of England, France, Italy, Germany, Austria, Turkey and other countries I visited may work out their vexatious economic problems, but the task will take years. As I see it, the United States may not expect a payment of her huge war credit for five years, at the very least.

"From careful studies of conditions, I am convinced that it will be all of five years before industrial Europe regains normal production. England, France, and Italy are very much stronger in an economic way than they were a year ago.

"In my judgment Germany will be able to pay her indemnities to the allies if she is allowed to function on the present scale. Germany's chief danger right now is from the tremendous issues of flat money.

"Italy is improving in an economic way after an experience with extreme socialists, who took over 600 factories in the Milan section alone and made failures of them. The reflex from the socialists' failure was understood at once by the Italian laborer, and the reaction was such that Italy today is improving very satisfactorily in an industrial manner.

"My study of industrial Europe and its financial condition took me into England, France, Italy, Germany, Austria, Turkey, Hungary, Czechoslovakia, Yugoslavia, and Scotland. Of all these countries England, in my judgment, is in the poorest industrial shape, a condition that is due to disastrous labor troubles."

AUTO ASSOCIATION IS WORKING FOR EFFICIENCY

The effort of the California Automobile Trade Association to increase efficiency of repair shops and garages, and thus reduce the prices to ultimate consumers, is bearing fruit all over the state.

During the war and the period immediately after the signing of the armistice, the demand for motor mechanics and repair men was so great that men who knew little about repairing motor cars found it easy to secure jobs as first-class mechanics.

Since that time there has been a weeding out of most of these unfitted men, and the workers now realize that they must know what they are doing or they will not be allowed to handle automobiles or repair them.—Advt.

NOTICE INVITING SEALED PROPOSALS FOR SEWER CONSTRUCTION WORK IN THE CITY OF SOUTH SAN FRANCISCO.

Sealed proposals will be received by the Board of Trustees of the City of South San Francisco until 8 o'clock p. m. on Monday, the 26th day of September, 1921, for doing the following work in the City of South San Francisco, County of San Mateo, State of California.

The construction of a twenty-four (24) inch by thirty-six (36) inch combined sanitary and storm-water sewer

across the right of way of the Southern Pacific Railroad Company in California Avenue to connect the end of the existing sewer at the easterly end of California Avenue with the sewer in Industrial Way.

All material and all work must be in strict compliance with the requirements of the plans and specifications adopted by the Board of Trustees on the 8th day of September, 1921, and on file in the office of the City Clerk.

The successful bidder shall within ten (10) days after the award, enter into a contract with the City of South San Francisco for the faithful performance of the work to be done under said award.

All proposals must be accompanied with a certified check upon a bank of the State of California, payable to the City of South San Francisco, in an amount not less than ten (10) per cent of the aggregate of the bid, upon the condition that the proposals be accepted and the contract signed, and if the bidder shall fail and neglect to execute the contract and give the bonds required, the sum mentioned in said check shall be liquidated damages for such failure and neglect, and shall be forfeited to and paid into the treasury of the City of South San Francisco.

The bidder to whom is awarded a contract will be required to execute a bond for the faithful performance of his work in an amount equal to Twenty-five (25) per cent of the amount of his undertaking, with at least two (2) responsible sureties in the full amount of the bid each; and will also be required, before entering upon the work, to furnish a good and sufficient bond as required by an act of the Legislature of the State of California, approved May 10, 1919, entitled "An act to secure the claims of materialmen, mechanics, or laborers employed by contractors upon state, municipal or other public work" and will also be required to exhibit to said Board of Trustees a policy of insurance against loss through accident or negligence, in such a way as to satisfy the City of South San Francisco under the provisions of the Workmen's Compensation, Insurance and Protection Act of the State of California.

The contract must be entered into in compliance with and subject to the conditions imposed by Section 653c of the Penal Code of the State of California.

Sealed proposals or bids will be delivered to the City Clerk on or before eight (8) o'clock p. m. on Monday, the 26th day of September, 1921.

All sealed proposals or bids will be opened by said Board of Trustees in public session on Monday, the 26th day of September, 1921, at 8 o'clock p. m. in the Council Chamber of said Board.

The Board of Trustees hereby reserves the right to reject any and all bids.

By order of the Board of Trustees of the City of South San Francisco, dated September 8th, 1921.

DANIEL McSWEENEY, City Clerk.

WHY SOME FOLKS LOSE SAVINGS CERTIFICATES

Humor and tragedy are revealed in statements made to the postoffice department by depositors to secure duplicated postal savings certificates for ones lost.

"Lost, not known as wife is deceased and cannot be found," runs one answer.

Other answers, from persons all over the country, read as follows:

"Stole from my coat pocket in church."

"Mutilated, mistaken by members of my family as stage money."

"Stole out of a bag, my own bag, by whom I can't say. I suspected my wife, but she says she has not got them. I can't do no more."

"The certificates went down with the rest of my belongings on torpedoed transport S. S. Tuscania."

"Blew out of my hand in the middle of the Pacific ocean."

"I had them buried in the ground, but not deep enough, and when the woods were burned they were burned also."

"A child has taken the book from the dresser and put it in the garbage pail and was taken away by the garbage collector."

"Lost while celebrating Memorial Day overzealously."

Her Sense of Fitness.

Little Ethel had lost her grandfather. A few days after the funeral she asked her mother if she could play the piano a little while.

"No, dear, don't you know that we are in mourning?" her mother replied.

"Well," insisted the disappointed child, "I don't think it would be wicked if I only played on the black keys."—Judge.

P.T. ASSOCIATION PLANS TO FORM NEW DISTRICT

The Parent-Teacher Association of this city held an important special meeting Tuesday at the Edgemont school to consider the advisability of forming an entirely new district, to be composed of San Francisco city and county and San Mateo county. Mrs. Godfrey was the principal speaker on this occasion, which resulted in the local organization voting unanimously in favor of such being done. Should this eventually be done it will prove a great boon to those of the organization living on the peninsula, as it will do away with the necessity of traveling across the bay to the Oakland side on the occasions of general committee meetings, thus saving much time and unnecessary expense.

The new district if formed will be known as the twelfth district.

THE PLYMOUTH ROCK

WHEN the Pilgrim Fathers landed from the Mayflower at Plymouth, Massachusetts, they stepped out upon a boulder which has become famous as the Plymouth Rock.

This rock is said to weigh seven tons, possesses a greenish hue, to be very hard and its surface capable of taking a high polish. Oval in shape and having a flat top, it offered a made-to-order landing place for the forefathers. Scientists declare that it was undoubtedly carried by a glacier, from some strange and distant land.

Like most movable things of peculiar historic value, a loving public has been wont to disturb this valued relic and change its location. In 1774, while plans were under way to move the rock to the town square, it was discovered that the action of the elements had separated the upper and lower portions. Nevertheless, the top portion was moved. In 1834—60 years later—it was again moved, this time to a location in front of Pilgrim Hall and inclosed with an iron fence. Here it remained for forty-six years. Then it was decided that the rock should be returned to its original location. Accordingly, after a separation of more than one hundred years, the upper portion of the rock was carefully placed over the lower portion, where it now reposes under an ornate canopy.

Here, this treasured shrine, to which come visitors from every clime, shall undoubtedly remain for all time, looking much the same as when its side was first grazed by the good ship Mayflower.

And there's often a wide difference between "social equality" and "so-ciable equality."

Zero Knowledge.
The speaker was General Horace Townsend. He said: "I had in Tours a French servant girl who was preparing to migrate to our shores. In buying her outfit she wanted to go in heavily for furs and fur linings, but I said to her: 'Why so many furs? It isn't as cold as all that in the United States.'

"Indeed, it is then," said the girl, and she tossed her head. "You can't fool me, Monsieur le General. Isn't it the United States that all our frozen meat comes from?" — Washington Star.

Help your home town.

GOING ON A VACATION?

We suggest that if you are going on a vacation or are going to be away from home for any reason whatsoever that it is far safer—and of course many times cheaper in the end—to rent a Safe Deposit Box in which to store your bonds, stock certificates, mortgages, insurance policies and other valuable papers together with your silver and jewelry.

During your absence, should fire attack your home—and an insurance policy does not provide against loss by fire of any of the above—or should your home receive an unwelcome visitor in the person of a burglar, it will be a relief to come home and know that your valuables are safe in the vaults of this bank.

A Safe Deposit Box will provide protection not only during vacation times but through all the year as well. You can rent one for a year for LESS THAN A CENT A DAY.

"He has had every opportunity, but he can't make good." I once heard this said of a young man. His father, who had money, had sent him to the best schools, but he had not come up to his father's expectations. You have heard the saying, "Opportunity knocks but once." Do we hear it when it knocks? Don't we sometimes say, "Oh, well, I'll wait until next time?" We have opportunities in our everyday life and in our high school. With our splendid corps of teachers, good equipment, and one of the finest high school buildings in the state don't let any one be able to say of you, "He (or she) can't make good."

STUDENT BODY CARDS ON SALE.

The student body cards can now be purchased by the students of the local high school for \$1. The senior class has a 100 per cent membership in the student body, and it is up to the rest of the classes to get together and have the same. The owner of the card will be allowed to see any game at this high school and is also a member of the student body.

The high freshman class held its first monthly meeting Tuesday, September 6th. The new class president, Charles Signorelli, presided.

The first student body meeting of the year is to be held Monday, September 12th. Many things of importance will be brought up at this meeting.

A regular meeting of the sophomore class was held Friday at 12:40. The meeting was called to order by our new class president, Wesley Dotson. The sophomores plan to enjoy this school year and make it a success.

FRESHIE RECEPTION.

Last Friday evening at 8 o'clock the freshies were initiated by the upper classmen. They came early and many stood outside the door, either being afraid to come in or trying to be polite and give us plenty of time to prepare everything for them. We are inclined to think they may have been frightened, but as this doesn't become the freshies we will have to change our opinion.

When the freshies came into the assembly they were told to go to their class rooms and wait. Many of them did not like this idea, but went with a smile to show they had courage. They were later brought up on the stage and given an electric shock and had their faces painted.

Mr. Reed, a new teacher at the school, was initiated with the freshies and asked for a selection on the piano. Every one was expecting him to refuse, when he got up and surprised us by giving us two beautiful selections.

Dr. Holt and Dr. McMills next operated upon a freshman. The doctors were not able to find out the cause of the freshman's trouble, but the operation was announced a complete success as the patient died.

A skit was given by Mr. Adams and Mr. Holt of a freshman when he first entered school. Mr. Adams took the part of the principal of the school and Mr. Holt of Alpheus McGovern. The student seemed to know more than the principal and should have been a gallant senior instead of a freshman.

The freshies were next given an aeroplane ride and then they were made to form the letters S. S. F. H. (South San Francisco High). The meaning of the formation of the letters was explained by Mr. Adams.

Ice cream and cookies were served to all those present by the refreshment committee.

The freshie reception was one of the best receptions ever given to the freshies since the school started.

WILLIAM I. WOODMAN DIES
AT SAWTELLE SUNDAY

Mrs. Anna Woodman received the sad news early this week that her son, William I. Woodman, died last Sunday morning at Sawtelle, Calif. The funeral was held Wednesday in Los Angeles.

RED MEN PLANNING DANCE.

The local lodge of the Order of Red Men is planning a dance to be given at Fraternal Hall on the evening of September 17th. The committee in charge of arrangements is making plans for a large gathering. The best of music will be obtained for the occasion.

PERSONALS.

Miss Myrtle Vaccari spent the weekend at Forest Knolls.

Miss Evelyn Vaccari of San Francisco was visiting at the home of her cousin, Miss Myrtle Vaccari, on Tuesday.

Mr. and Mrs. A. J. Nussel returned home Wednesday from a several weeks' visit with relatives at Myrtle Point, Ore.
